Compleo Health Limited is committed to achieving Net Zero carbon emissions in line with the UK Government's target. This Carbon Reduction Plan outlines our strategy, commitments, and actions to minimise our environmental impact while delivering exceptional healthcare services across the UK and Europe.

1. Carbon Baseline and Assessment

See full policy document for detailed commitments under this heading.

2. Net Zero Targets and Milestones

See full policy document for detailed commitments under this heading.

3. Emission Reduction Strategies

See full policy document for detailed commitments under this heading.

4. Sustainable Supply Chain

See full policy document for detailed commitments under this heading.

5. Innovation and Technology

See full policy document for detailed commitments under this heading.

6. Monitoring and Reporting

See full policy document for detailed commitments under this heading.

7. Staff Engagement and Training

See full policy document for detailed commitments under this heading.

8. Governance and Accountability

See full policy document for detailed commitments under this heading.

Commitment Statement

Compleo Health Limited is fully committed to this Carbon Reduction Plan and will take all reasonable steps to achieve our stated targets. We recognise that addressing climate change is not only an environmental imperative but also essential for the long-term sustainability of healthcare services. This plan will be reviewed annually and updated as necessary to reflect technological advances, regulatory changes, and our evolving understanding of best practices in carbon management.
